10 January 2017

Dear Parent / Carer

At Beccles Free School we set the highest expectations for students for academic achievements and behaviour. As part of our work to ensure students behave in the best possible manner and achieve their potential within school we have come up with a clear whole school approach to behaviour.

At Beccles Free school our behaviour approach centres around restorative approaches which enable students and staff to have a focused discussion on the students behaviour and how this behaviour needs to be addressed to ensure all students reach their potential.

I have enclosed a copy of the flow chart that will be displayed in all classrooms in the school to give you an understanding of the methods we will be using in school.

If you would like any more information on this or would like to discuss any points further please feel free to contact me at the school.

Yours faithfully,

Mr T Ward  
**Deputy Headteacher**
